

8302212 & 8302213 | LED Lamp, 2450 Lumens

Installation Guide

1. Remove screws that hold original lamp in bezel and remove lamp.
2. Between the lamp and the bezel are a plastic ring and a rubber seal (See below). Remove the plastic ring; make sure the rubber seal remains in bezel.
3. Disconnect wiring.
4. Place new Hy-Cap lamp into bezel with rubber seal in place.
5. Secure lamp into bezel using original screws.
6. Reattach wiring.
